Exploring Future Pathways Programme Year 12 – Using Unifrog

Dear Parent / Guardian

In order to support students as they discover options and make choices about future pathways, all students in year 12 now have access to Unifrog.

The Unifrog platform is designed to support learners in making the most informed decisions about their futures. There is a wealth of information available and a variety of tools to explore the options available. Each student has their own personal account that provides a wide range of information related to their interests and aspirations.

During this half term students are receiving one home study a week to complete on Unifrog. This is replacing core enrichment on their timetables and their engagement is audited every Friday. The chosen activities will help your child to explore the options open to them and facilitate the process of writing a personal statement at the end of year 12. The activities also enable us to ensure that we provide relevant and appropriate future pathways support. We would greatly appreciate your help in encouraging your child to complete the tasks which will hopefully open up discussions at home about future plans.

The programme for this half term is as follows:

- Week 1:** Intro, log in, Personality Quiz, Pathway A / B
- Week 2:** Activities in preparation for personal statements
- Week 3:** Competencies in preparation for personal statements
- Week 4:** Universities - Introduction
- Week 5:** Apprenticeships – Introduction

Students have been provided with instructions to login to Unifrog. If they are experiencing any difficulties, they should email abower@highcliffeschool.com. They can access Unifrog from any computer, tablet or smartphone. We would encourage you to use the platform with your child so you can support them through the process of deciding their next step.

We have also set up a parent login so that you can use Unifrog as if you were a student yourself, allowing you to support your child throughout the process. The form code you need is:

highcliffeparent and you can sign up here: www.unifrog.org/code

For more information, go to www.unifrog.org

Yours sincerely

Mrs C Tubbs
Head of Year 12
